

DUX BEERS

DUX LAGER

Crisp, fresh and vibrant, this original Dux beer on which our tradition of brewing was founded. Easy drinking with great food - we call it our Sauvignon Blanc of beers!

DUX PILS

This is our ever evolving project to experiment with what is essentially a new class of beer, the NZ pilsner. Always hoppier and more fragrant than our European counterpart, Dux is going to constantly modify and play with the recipe in the search for the people's NZ pilsner. We'd love to hear your feedback and ideas.

GINGER TOM

Dux de Lux Ginger Tom was a Christchurch classic until a certain earthquake ruined everything, including the paper the recipe was on. So we got a new bit of paper and wrote a new recipe. This new ginger beer still has the original flavours of crystallised ginger and orange peel, a clean, quenching suggestion that a curry and night out might be in the offing. What d'ya reckon?

WEST COAST IPA

A big beer, with lots of locally sourced malt, fresh Christchurch water and a mega amount of the latest and greatest USA hops. This beer is constantly changing with every batch as we experiment with whatever USA hops that we find... ask at the bar for the latest offering!

DELICIOUS PALE ALE

A hoppy partnership using hops from New Zealand and the US. This beer has plenty of sparkle and excellent clarity, but aroma is the winner! The hoppiness walks with sweet juicy malt and steamed pudding aromas. Tasting it is made memorable because you're lured by that juicy fruitiness and then WHAM! Right in the kisser! A blast of herbaceous spruce hop bitterness. Now, if only international diplomacy was so harmonious.

DUX WHEAT

A classic German Hefe-Weizen. Freshly roasted kiwi malt, the purest Otautahi water, few kiwi hops plus the greatest Weißenstapher yeast we could find join forces to create a German classic. Sehr Gut!

BLACK SHAG

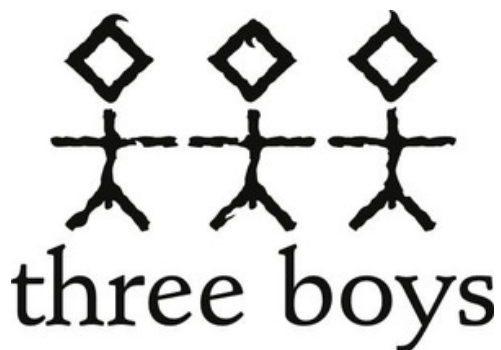

Nitro stout goodness. Coffee to start with chocolate malt finish. Thick and creamy with a great mouth feel.
